Program Manager 256-895-1766

U.S. ARMY CORPS OF ENGINEERS

BUILDING STRONG®

The U.S. Army Engineering and Support Center, Huntsville Information Technology Services (ITS), Medical Information Technology (MED-IT) Program supports the entire Department of Defense medical community in the procurement of hardware, software and technical services.

Benefits

ITS MED-IT's broad acquisition solution portfolio has the flexibility to satisfy our customer's requirements utilizing the existing Army Computer Hardware Enterprise Software and Solutions (CHESS) contract vehicle, Government-wide Acquisition Contracts (GWACs), U.S. General Services Administration (GSA) Schedules, NASA Solutions for Enterprise-Wide Procurement (SEWP), National Institute of Health Information Technology Acquisition and Assessment Center (NITAAC), or single award contracts.

This suite of solutions provides the MED-IT customer with access to thousands of commercial partners and unlimited variety in information technology solutions.

MED-IT provides the services and the level of support needed for each requirement from our available capabilities that include:

- Requirements Analysis
- Market Research
- Acquisition Planning and Acquisition Strategy Development
- Development of all acquisition documentation
- Signing and Administering the Contract and/or Task Order(s)
- Project Management/COR
- Manage Project Schedule and Review Deliverables
- Monitor Vendor Performance and Resolve Disputes
- Manage Award Fee Evaluation Boards
- Funds Management

Key Customers

- Defense Health Agency (DHA)
- U.S. Army Medical Command (MEDCOM)
