

# Standards and Criteria

Program Manager 256-513-1738

U.S. ARMY CORPS OF ENGINEERS

BUILDING STRONG®

## Program Overview

U.S. Army Corps of Engineers Headquarters, created the Standards and Criteria Program to support tri-service Military Construction. The SCP maintains the existing criteria documents (guide specifications, technical manuals, standard designs, etc.) and develops new documents in technical areas where the need is identified. The U.S. Army Engineering and Support Center, Huntsville is the program-executing agent for USACE Headquarters' SCP annual program and manages funding to the following:

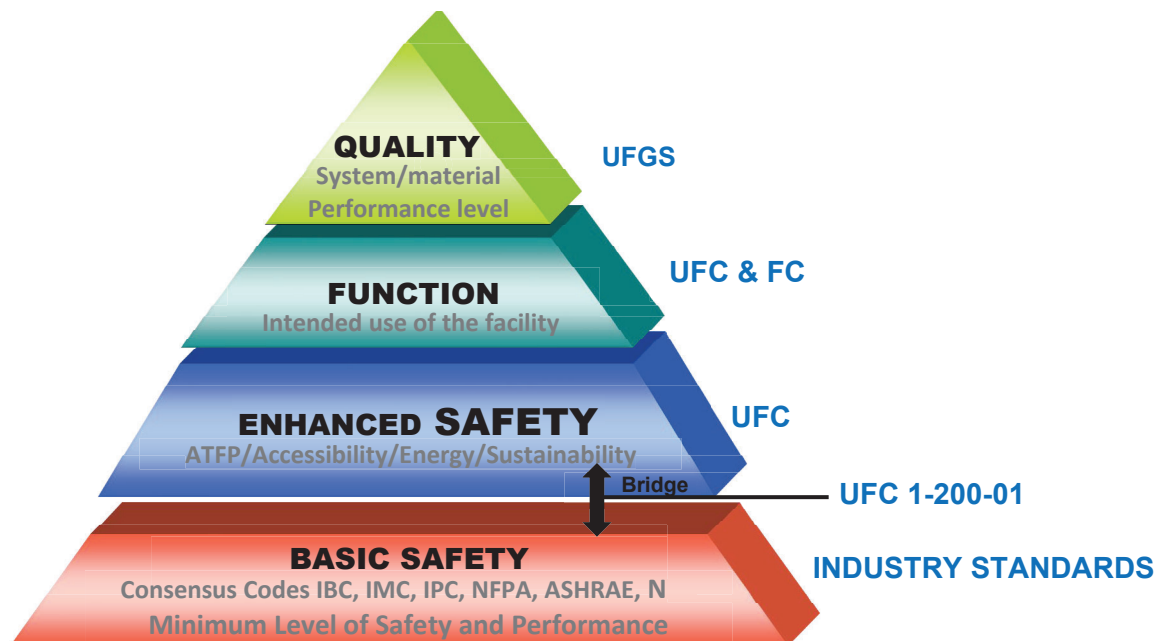

- Standards and Criteria Program Management
- UFC/UFGS Document Management
- Maintenance of the Unified Master Reference List
- Architect-Engineer Contracting Support for SCP Projects
- Technical Writing support
- SpecsIntact Program Management

## Army Specific Documents

- Engineer Regulations
- Engineer Pamphlets
- Engineer Manuals
- Engineer Circulars
- Engineer Technical Letters
- Other USACE Publications

## Tri-Service Documents

- Unified Facilities Criteria
- Unified Facilities Guide
- Facilities Criteria
