

Furnishings Program

Program Manager 256-895-1512

U.S. ARMY CORPS OF ENGINEERS

BUILDING STRONG_®

The U.S. Army Engineering and Support Center, Huntsville Furnishings Program procures administrative, barracks, lodging and educational furnishings for various federal agencies worldwide. The Huntsville Center is also designated as the central manager of furnishings procurement for the Installation Management Command. The program is a full service organization capable of providing project management, interior design, procurement, installation and quality assurance for all federal agencies' furniture requirements.

The Furnishings Program's primary mission is to buy furnishings in accordance with customer requirements and to manage the delivery of those items to the new or renovated facility by the beneficial occupancy date.

As of July 2018, the Furnishings Program manages on average 340 active projects, and of those projects 96 percent were completed on time within budget. Feedback

received from centrally funded customers continues to be positive and include: consistency of furnishings purchased, higher quality of product which equals a long life cycle duration and cost avoidance. With the reduction in government spend plans, longer life cycle duration and cost avoidance are key factors to ensure facilities can continue to be occupied. Over the last three years the program has saved an average of 21 percent, or approximately \$21 million. Cost savings are measured by the estimated value of the project verses the actual amount required to execute the project.

During FY18, the Furnishings Program supported a pilot program for Army Family Housing. The internal project delivery team worked endless hours with the OACSIM, HQ IMCOM Housing and the Garrison Housing Office to define the family housing requirements that best support the end user customer. The internal PDT provided extensive research in developing the product line offering that provides the end users an superb quality of life upon arrival at their new home. This pilot will provide standardization throughout Army Family Housing and ensure quality furnishings are provided for the soldiers and their families.

Box 1600, Huntsville, AL 35807 Public Affairs Office 256-895-1694 www.hnc.usace.army.mil Distribution A - Approved for Public Release - Unlimited Distribution - Release 1809 The Furnishings Program provides a full-service project-delivery process that includes technical support and acquisition support while adhering to scope, schedule and budget. Typical furnishings project timeframes can range anywhere from 35-60 plus weeks depending on the scope of the project. Due to supply chain factors and customization for each facility, our program and suppliers use just-in-time manufacturing. JIT allows increased efficiencies and decreased waste by receiving furniture as it is needed.

Our program supports multiple Department of Defense agencies including: U.S. Army Installation Management Command; U.S. Navy Installation Command; Marine Corps; Marine Corps Reserve, U.S. Army 88th Reserve Support Command and the U.S. Air Force. Notable projects this fiscal year include

- Aberdeen Proving Ground, Maryland Research, Development, Test and Evaluation Headquarters
- · Fort Shafter, Hawaii U.S. Army Pacific, Command and Control Facility
- U.S. Military Academy at West Point, N.Y. Cadet Barracks Upgrade Program
- · Fort Hood, Texas 1st Cavalry Division Command and Control Facility

The Furnishings Program continues to be a success due to its strategic acquisition planning approach, ability to reduce procurement costs, and commitment to providing outstanding quality products to our customers.
